

## TOWN AND COUNTY.

## BREVITIES.

Messenger Ross was in town yesterday. He will resume his run on the road in a day or two.

Nay, the R. R. robber, had to be carried from the cars on a stretcher on arriving here Thursday. He was wounded very severely when taken, but is improving.

The majority of claw-hammer coats worn at the Senatorial ball were reported as being rented for the occasion.

W. C. Bishop, for many years stage carpenter at Piper's Opera House, died at San Francisco last Sunday night.

The Washoe Indians have joined Mrs. Bowers, Wiggins and others in prophesying a heavy storm about the 15th inst.

Several business changes will take place during the month.

Jack Everett's new show window improves the appearance of his store very much.

A number of our town people who have been visiting Carson for the last few days returned yesterday.

The water pipe is burst on West street and is causing much annoyance to pedestrians.

Fred B., the well-known trotter, has had his feet fixed by O'Neil, and will go on training soon. The animal has a record of 2:20, and has been off the track for some time.

Chamberlain has received a lot of new-style bar-tumblers that look to be so fractured that they can't hold together, but they are mechanical deceptions, having as clear a ring as a silver wedding bell.

A. O. Packard has resigned his position of section foreman on the V. & T. railroad, which he has held for some years past. It is his intention to rusticate for about a month, and then accept a position of importance on the C. P. road.

An extra sleeper was put on the west bound train last night to accommodate members of the late Legislature who were off on a lark to the Bay.

About the only good law of a general character passed by the late Legislature was the Foley fee bill.

The Marker reclamation bill died in the Assembly. On a motion to strike out the enacting clause Varian voted for it and Fish and Price in the negative.

The Legislature passed a bill giving Keith and Campbell the job of making a new compilation. Gov. Adams vetoed it, and the veto was sustained. The Legislature then passed another bill giving Deal and Thomas the work to do, at \$1,000 less compensation. The Governor very promptly and properly vetoed the second bill, and the veto was sustained.

Gen. Kittrell intends to pay a visit soon to San Luis Obispo.

The dealers are beginning to find a demand for garden seeds.

The railroad men say business is getting to be quite lively on the road again. All the regular trains and many specials are running.

Hon. Walter Mursden is in town.

J. E. Calderwood expects to leave for Bidwell this morning.

Senators Foley and Williams are in town, but will leave for the Great East on this morning's train.

D. R. Sessions, editor of the Eureka Sentinel, came down from the Capital last evening en route home.

Quite a number went up to Verdi last night to attend the ball. They certainly had a jolly time, for the Verdi folks know how to entertain visitors.

## Little Minnie Palmer.

The following was picked up in front of the Postoffice yesterday:

My OWN DREAMING: This is the last attempt I shall ever make to prove my devotion. Your conduct has caused severe comment by my family and friends. Your actions indicate insincerity and prompt me to suspect the truth of the reports concerning your new associate not being respectable, etc. But I love you too fondly to believe all I hear. So take me to see Miss Minnie Palmer in Wm. Gill's musical comedy entitled "My Sweetheart," delightfully acted by the Jno. R. Rogers Comedy Company, including the popular comedian Mr. R. E. Graham, and after you have seen the difference between the love of a pure girl and the designs of a woman who only cares for your money, I will cheerfully abide the result. You can learn the date of performance of the Theater Company by referring to the papers. Your true love, MINNIE.

P. S. If you can't enjoy my society you certainly will the singing of Miss Palmer.

## County Salaries.

The Washoe salary bill passed by the Legislature, to take effect two years hence, gives the Sheriff \$3,600, out of which must be paid deputy and jailer, but in addition to the \$3,600 he is allowed actual expenses for all criminal business. The Clerk is given \$2,400 and must pay his own deputy if he has one. The Auditor is allowed \$1,800 and the small sum of \$50 for acting as County Superintendent of Schools. The District Attorney is given \$1,500; the Treasurer is made ex-officio Assessor and \$1,000 is allowed as Treasurer and \$1,000 for Assessor, but if the so-called Assessors' bill becomes a law, as it undoubtedly will, this provision will be rendered null and void. The Commissioners are each allowed \$800. Assemblyman Fish has informed a JOURNAL reporter that the bill will effect a saving of about \$4,000. The delegation are deserving of credit for securing its passage.

## Indians' Notions.

The Putes of Fort McDermitt have sent the following note to the Silver State:

Fort McDermitt, Nevada,  
February, 27, 1883.

EDITOR SILVER STATE: We are in receipt of a letter from the Indian Agency at Wadsworth, wanting us to go to Wadsworth, where they say we will get food and beef issued to our families. Our answer, after talking with all the heads of families, has been that though we are in great need of food, we would rather stay here and be hungry than go to Wadsworth and take chances of getting rations; for if we went there we would be among strangers, and perhaps fare worse than we do here, where we are acquainted with the whites, who all treat us well, and from whom we can always get work in summer. Please let the Agent know we don't want to go.

CHARLEY THACKER,  
PARADISE CHARLEY.

For the Putes.

## Carson Observatory.

We have received a pamphlet of twenty pages containing a very full and careful report of meteorological observations made at Carson by Charles W. Friend, during 1880, 1881 and 1882. In the report is embraced everything of interest connected with the weather, and all is very neatly and compactly arranged.

## The Fire Laddies Ball.

Junior Hose Co., No. 1, composed of the young men of Reno, will give a grand ball at the theater, on Friday, March 30th. The boys are sparing neither time nor expense to making it a success. They are working in a good cause and should be encouraged by all property-holders.

## Pinto Paragon.

Naches informs the Silver State that the Pintes are making arrangements for a big dance, which is to come off in Paradise Valley about the middle of March. Bucks and squaws from all parts of the country north of the railroad are expected to participate in the dance.

## Rewards of Merit.

Speaker Varian was presented by the Assembly with a handsome gold watch. Lieutenant Governor Laughton was given a beautiful diamond pin by the Senate. Sam Wagner, porter of the Assembly, was given a nice gold-headed cane.

## Local Bills.

Beside the amendments to the Salary law, the other bills of a local nature, the passage of which was secured by the Washoe delegation were the two to allow the Commissioners to build a bridge at Verdi, and to impose the sewer tax.

## Changed Names.

The Austin Democrat has been sold by W. W. Booth & Co. to Louis Lonsdale and Robert Hogan, who have leased it to S. P. Clark. J. S. Joachinson has again assumed charge of the editorial department of the paper.

Pierce's "Pleasant Purgative Pellets" are perfect preventives of constipation. Inclosed in glass bottles, always fresh. By all druggists.

## "Made New Again."

Mrs. Wm. D. Ryckman, St. Catharines, Ont., says: "R. V. Pierce, Buffalo, N. Y., I have used your 'Favorite Prescription,' 'Golden Medical Discovery,' and 'Pleasant Purgative Pellets,' for the last three months and find myself—(what shall I say)—'made new again'—are the only words that express it. I was reduced to a skeleton, could not walk across the floor without fainting, could keep nothing in the shape of food on my stomach. Myself and friends had given up all hope, my immediate death seemed certain. I now live (to the surprise of everybody) and am able to do my own work."

## Voice of the People.

R. V. PIERCE, M. D., Buffalo, N. Y.—I had a serious disease of the lungs, and was for a time confined to my bed and under the care of a physician. His prescriptions did not help me. I grew worse, coughing very severely. I commenced taking your "Golden Medical Discovery," and it cured me. Yours respectfully, JUDITH BURNETT, Hillsdale, Mich.

## THE FIRE DEPARTMENT.

Report of Secretary Boyd, Showing Receipts and Disbursements for the Present Year.

The Trustees of the Fire Department met Wednesday and received the secretary's report of receipts and disbursements for the past year. The following is the report in full: To the Chairman and Trustees of Reno Engine Co. No. 1:

I herewith submit my report of claims allowed by this company for 12 months ending Dec. 31st, 1882; also of work done under the direction of this Board:

Paid Chas. Curtis as engineer and steward for 4 mos., Dec. 1881 and 3 mos in 1882 @ \$40 per mo.	\$160 00
Paid same 9 mos of 1882 @ \$30 per mo.	270 00
Reno Water Co. for water, 6 mos @ \$10 per mo.	60 00
Reno Water Co. for water 5 mos @ \$20 per mo.	100 00
Reno Gas Co. for gas 13 mos.	29 00
Sundry bills supplies for engine C. P. R. Co. for coal.	11 38
Wood.	12 40
Watchman.	18 99
Drayage on pipe and engine.	3 00
C. P. R. Co. rent on engine house.	7 00
Curtis & McFarlin repairing engine.	5 00
Knowles & Bainbridge, hose for engine house.	28 00
J. L. McFarlin for spanners, etc.	24 38
J. A. Scott, for 6 redwood fire cisterns.	9 50
Sundry bills for iron pipe for cisterns.	590 50
Nine coffin valves with hose couplings.	302 45
One fire plug.	81 65
Redwood lumber for cistern covers.	40 00
Labor on cisterns and pipe.	71 91
500 feet of new hose.	91 70
Paid the Co. on account money borrowed.	625 62
Total.	\$2608 41

The current expenses of this company, embracing salary of engineer and steward, gas, supplies for engine, wood, coal, repairs on steamer, rent and small hose for the year 1882 amount to \$625 62. New cisterns and repairs on old ones amount to \$1194 77. New hose \$225 62. Water for cisterns \$160 00. Refunded to company for 4th of July celebration \$65 00.

Total \$2608 41. During the past year we have had constructed and put in place six cisterns, viz: One 6 feet deep, 6 feet diameter on plaza, front of the Court House; one 6 feet deep, 6 feet in diameter, at junction of 2nd and West streets; one 8 feet deep, 8 feet in diameter, at junction of 4th and Chestnut streets; one 8 feet deep, 8 feet in diameter, at junction of 4th and Ralston streets; one 8 feet deep, 8 feet in diameter, at junction of 5th and Virginia streets; one 8 feet deep, 8 feet in diameter, also one fire plug at junction of 2nd and Virginia streets, with 3 inch pipe.

Including the new pipe laid to the old cistern on 3d street, there has been laid 196 feet of 2½ inch and 161 feet of 3 inch pipe.

The capacity of the 6x8 cisterns are about 1270 gallons each. Those of the 8x8 are 3075 gallons each.

On January 20th, 1879, Reno Engine Co. No. 1 had to its credit on the books of the Reno Savings Bank the sum of \$374 25, which was transferred to the department fund; also the proceeds of ball, netting \$54, making total credit of \$428 25, which amount was used to pay claims against the department. From this amount the company has drawn from the department for—

Celebrating July 4th, 1879.	\$46 20
J. M. Flanagan, sec'y 18 mos @ 75¢ per mo., aggregating 135 00	135 00
Bill for July, 1882, paid.	65 00
Total returned to company	\$246 20
Leaving balance due company	\$181 99

In addition to the improvements mentioned above, I wish to report that the hose formerly belonging to No. 48 has been put on a reel at the cistern near the Depot Hotel and the hose cart turned over to the department and the new hose reeled thereon.

One of copper hose pipes having been damaged, we have replaced it with a new flexible rubber pipe, with hand holds at butt—same as the one used by No. 2.

The Reno Water Co. now charge 2 dollars for each hydrant. There are now 3 cement cisterns, 2 redwood cisterns and 1 plug—in all, making \$20 per month for water.

Total number of members on roll, 37. The collection of dues and fines have been discontinued by order of the Co. I have no receipts to report.

Respectfully submitted,  
D. B. BOYD, Sec'y.

## Fine Job Work.

The Journal job office has just received a large and fine stock of paper, cards, inks, etc., for job printing and is prepared to take orders for every description of work in the printing line. Only skilled workmen are employed in the job room and no inferior work is allowed to leave the office. Compensating prices are charged for every job and satisfaction guaranteed. Call and examine our specimens and leave your orders.

## THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 2.50 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

## NEVADA BIRDS.

Haunts and Habits of the Sage Hen of Nevada.

A Battle Mountain correspondent of the Sacramento Bee describes the habits and haunts of our home bird to that paper, saying that "in color they are a trifle darker than the grouse, and have black spots or speckles on them, and are just a trifle smaller; and in habits are nearly directly the opposite. They are essentially a sage hen, and like to feed in the valleys during the Summer, and are not often found near water except in the extreme heat of the day, when they sometimes lie along the banks of the valley streams in the shade. They breed in the Spring very much as the grouse does, but instead of going up the mountains they descend to the valleys and remain there until the cold drives them to their winter home, which will be upon some high, bleak mountain top, where the wind blows the snow off, leaving it bare. On these bald peaks lives the sage hen in winter, partly on account of the facility for food and partly for protection from wild animals; and it is useless to try to find sage hens in the winter. You might find a straggler whose parent was killed and left him without instructions as to winter protection, but never many of them. It is very singular that the male birds live ten out of the twelve months on these bald peaks. They are shy old fellows, and only descend to the valleys in the breeding season—March, April or May—and then return to the peaks, remaining until Spring again.

I often hear cowboys tell of the large flocks of sage hens on different mountains in the Summer. I then know the breeding season is over and that the oldcocks have flocked to their favorite haunts to keep bachelors hall until winter comes, when their mates join them from the valleys. It is hard work to secure a good bag of these hardy old chaps, as they are very wary and careful and lie poorly to the dog. Not so with their sisters in the valleys. The latter are nearly fools, and with a good dog in August, September and October, it is an easy matter to extinguish a whole flock in a short time, as they are very tame. They are easily killed, as they fly low and straight, much like the Eastern prairie chicken, making a whistling, cooing noise as they rise. They are poor eating at best, and should in all cases be drawn before they are cold, otherwise they taste of the sage.

There is no skill required in hunting or killing sage hens. Just find a flock and kill it, has been my experience. They are, however, scarce in the settled portions of the State along the railroads, and one must go 50 to 100 miles away before finding them plentiful. They never fly and light in brush or trees, though one out of ten may be found hiding in underbrush on the ground. They are a ground bird, and directly opposite to the grouse in this respect. So, when you kill a sage hen sitting upon a limb, make up your mind it is a grouse."

## Resolutions of Condolence.

At a regular communication of St. John's Lodge, A. F. and A. M., of Bellevue, Idaho, held February 19, 1883, the following preamble and resolutions were unanimously adopted:

WHEREAS, It has pleased the Great Architect of the universe to remove from our midst our late brother, I. D. Cross; and whereas, it is but just that a fitting recognition of his many virtues should be had; therefore, be it

Resolved, By St. John's Lodge, No. 15 on the registry of the Grand Lodge of Idaho of Ancient Free and Accepted Masons, that while we bow with humble submission to the will of the Most High, we do not the less mourn for our brother who has been taken from us.

Resolved, That in the death of I. D. Cross this community laments the loss of a brother who was ever ready to proffer the hand of aid and the voice of sympathy to the needy and distressed of the fraternity; an active member of this Society, whose utmost endeavors were exerted for its welfare and prosperity; a friend and companion who was dear to us all; a citizen whose upright and noble life was a standard of emulation to his fellows.

Resolved, That the heartfelt sympathy of this Lodge be extended to his family in their affliction.

Resolved, That these resolutions be spread upon the records of the Lodge, and a copy thereof be transmitted to the family of our deceased brother, and to each of the papers of Bellevue.

## Advertising Medium.

The advertising columns of the JOURNAL afford an excellent opportunity to our readers to study out where purchases of all kinds can be made on the most advantageous terms. All classes of goods can there be found advertised from a suit of clothes or nice silk dress to the daintiest ornament in the jewelry line. The JOURNAL reaches nearly every family as well as business house in the county, and, therefore, advertisers seek its columns that the public may know what they have for sale.

## Carson Mint Coinage.

Following is the result of the coining operations at the Carson Mint during the month of February, 1883: Double eagles, \$108,000; standard dollars, \$100,000; total, \$208,000.

POWDER WORKS

330 California Street,

SAN FRANCISCO

fact rears and have constantly on hand

ORTING;

MINING

AND BLASTING

POWDER

Of superior quality, fresh from the mills. It is constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way superior to any other Powder. For

We have been awarded successively

THREE GOLD MEDALS

THE MECHANICS' INSTITUTE and the CALIFORNIA AGRICULTURAL SOCIETY for the superiority of our products over all others.

Special attention to our

HERCULES POWDER.

When combined all the force of other strong powders now in use, and the lifting force of the Hercules Powder, thus making it vastly superior to any other compound now in use.

Circular containing a full description of this powder can be obtained on application to any of our Agents.
